**Know It All**: "All replacement windshields are the same, so shop for the cheapest price." True or False?

**Car Care Tip**> Cellphones are still useful even when they have been deactivated.

**Mailbag letter from Greg (Baneberry TN)**> "I have used Redline's Water Wetter for years now in all my vehicles. This appears to be a superb product. If all your other maintenance in your cooling system is done properly, water wetter will lower your operating temperatures in that system. I unfortunately had a lower radiator hose blow off from the bottom of the radiator today, while traveling through a local town of Newport, TN. Two kind people blew their horn at me and pointed to the front of my truck. I pulled over quickly and left the diesel running. Never once did the temperature run hot on the gauge. I believe water wetter assisted greatly in keeping the temperature down in my Navistar diesel. This product is well worth putting in your radiator."

**Motoring Musical Memory**> Michael Jr. "Thou Shalt Laugh"

**Nutz & Boltz Theme Closing Music**
